

# 2026 Keener Family Trips!

I don't want every outing we do to be a "present", and this *isn't* everything we'll do this year. However, some special ones, or ones we've promised last year but weren't able to make happen, we wanted to give as a present so that you have special things to look forward to all year!

At the end of this book are some coupons. The coupons are special things that we normally don't get to do; other things like game nights, movie nights at home, playing with you, or teaching you something, and museum trips you should feel free to ask for whenever you want and Mommy and Daddy will try our bests to make them happen. The rules for coupons are that barring extenuating circumstances, e.g. preëxisting plans, Mommy and Daddy will make it happen ASAP.
